

LCD-Digital-Clock for large rooms and areas

C 410

C 410

silver

VA-Steel

RAL

45 cm wide
38 cm high
3,5 cm deep

Radio controlled and battery powered modern wall clock in a classy design. Time and date display and automatical summer- / wintertime changeover.

Excellent readability even from wide viewing angles. Clearly arranged display of time and date. Large digits allow long reading distances for medium-sized and large rooms and areas. Our development of special digits, consisting of a 9-Segment type, achieve a self-contained type face. Optional the abbreviation for weekdays can be displayed within the line of the date. For example please see our clock: type C 310.

This clock can be installed everywhere. Onto each wall. Easy, quick and cost saving! No cable necessary for radio antenna or power supply.

- Radio-controlled
- Wireless installation
- High-Contrast display
- Large digits for time and date
- Suitable for large rooms and areas
