

# LCD-Digital-Clock for large room and areas

C 310

C 310

silver

38 cm wide  
26 cm high  
3,5 cm deep

The classic clock of our LCD-Series. Timeless and proven. The clock is equipped with a robust plastic housing, different colours selectable. Radio controlled and battery powered modern wall clock in a classy design. Time and date display and automatical summer- / wintertime changeover.

Excellent readability even from wide viewing angles. Clearly arranged display of time and date. Large digits allow long reading distances for large rooms and areas. A special developed 9-segment type face with closed digits for a better readability. Weekday code selectable in German or English can be shown optional in the date line.

This clock can be installed everywhere. Onto each wall. Easy, quick and cost saving! No cable necessary for radio antenna or power supply. Battery life appr. 3 years.
